

SPECIALIZED RESIDENTIAL POST-ACUTE PROGRAMS

FOR INDIVIDUALS WITH CATASTROPHIC INJURIES & DIAGNOSES

THE BEST POSSIBLE OUTCOME FOR EVERY CLIENT WE SERVE

NeuLife is an innovative, fully accessible, residential post-acute program. We provide superior care and specialized rehabilitation to individuals with traumatic brain injury (TBI), spinal cord injury (SCI), traumatic amputations and other catastrophic injuries.

MISSION

NeuLife's mission is to consistently provide the highest standard of care in the delivery of clinically relevant services with the goal of achieving successful sustained outcomes and exceeding the expectations of all persons served.

PHILOSOPHY

Healing, wellness and personal fulfillment are best accomplished in a positive and uplifting therapeutic environment where caring staff encourage, assist and support each client so he or she may achieve specific goals. NeuLife believes personal fulfillment is as important as goals to increase function and independence.

PROGRAMS & SERVICES

At NeuLife, specialized programs and services are tailored to each client based on clinical needs and personal preferences. Our programs and services include:

- **Neurorehabilitation Program**—Individuals who have recently sustained a traumatic brain injury or spinal cord injury can benefit from specialized rehabilitation and related services to increase overall function while promoting their healing and wellness to achieve long-term success.
- **Neurobehavioral Program**—Individuals experiencing emotional or behavioral challenges either shortly after the injury or years later can benefit from working with our experienced staff.

- **Catastrophic & Challenging Diagnoses Program**—Individuals finding it difficult to progress or live independently have multiple options at NeuLife with regard to care, living accommodations, community integration, residential services, specialized rehabilitative and related services. NeuLife offers both short-term and long-term individualized programs.
- **Supported Living Program**—Individuals who find it difficult to live independently after a traumatic brain injury, other catastrophic injury or diagnosis will find a wonderful “home” at NeuLife. We tailor short-term or long-term programs to best meet the needs of our clients.
- **Independent Functional Evaluation**—Individuals are evaluated by our multidisciplinary team, and this comprehensive evaluation helps determine the extent of the injury, the causal relationship and the expectations for future care and services.

EXPERTISE & LEADERSHIP

Our staff is comprised of healthcare industry leaders in rehabilitation, care and management of individuals with catastrophic injuries, workers' compensation claims, litigation and liability cases.

NeuLife's Multidisciplinary Team Includes:

- Board Certified Neurologist
- Board Certified Psychiatrist
- Board Certified Psychologist
- Neuropsychologists
- Board Certified Behavior Analysts
- Speech Language Pathologists
- Physical Therapists
- Occupational Therapists
- Registered Nurses
- Vocational Evaluator
- Nutritionist-Dietician
- Massage Therapists

THE NEULIFE ENVIRONMENT

Our beautiful facility is therapeutically designed to enhance function, encourage wellness and independence, as well as promote interactions and social skills.

At NeuLife each client is provided a private room with a large bathroom with roll-in shower and walk-in closet. Clients and their families can reserve a spacious private Family Room, where they can visit in a home-like setting.

THERAPY, RECREATION & COMMUNITY INTEGRATION

Large, bright rooms are designated for professional therapy services, including physical, occupational and speech language therapy and contain technologically advanced equipment recommended by our multidisciplinary team. To further enhance the NeuLife experience, we offer training kitchens, laundry rooms, a game room equipped with ping-pong, air hockey and pool tables, a large exercise room, a bistro, several Wii areas, a non-denominational chapel, surround-sound theatre, volleyball, tetherball and basketball courts, horses, nature trails and more.

Our location offers numerous opportunities for community integration, outings, recreation, job training and placement, volunteering and much more. Each client participates in the development of his or her Client Goal Plan which includes clinical goals, personal goals and activities of specific interest.

THE REFERRAL PROCESS IS EASY

Each individual referred to NeuLife will participate in an intake process where information is gathered regarding his or her history, needs and goals. Those determined to be possible candidates for NeuLife may undergo:

- Medical records review
- On-site screening evaluation at the hospital, rehab, home or any location
- Preparation of a Proposed Plan providing an all-inclusive rate specific to the specialized care and rehabilitative services identified in the plan

Basic Admission Criteria:

- Age 18 years or older
- Medically stable
- Neurologic or other catastrophic diagnosis
- Rancho IV or above (TBI)

NeuLife Receives Referrals From:

- Physicians, case managers, adjusters, legal guardians
- Potential clients, family members, attorneys
- Hospitals, LTACs, SNFs, acute rehab facilities
- Residential programs and group homes

LOCATION

NeuLife is located on 43 acres in beautiful Mount Dora, Florida. It is conveniently located 35 minutes northwest of downtown Orlando, and 45 minutes from Orlando International Airport (MCO). Professional site visits and family tours are available by appointment.
